STATE BOARD OF EXAMINERS FOR ARCHITECTS AND ENGINEERS 1921-1945

RECORD GROUP 255

Processed by:

Gregory G. Poole
Archives/Manuscript Unit
Technical Services Section

Date Completed: 01 October, 1998

SCOPE AND CONTENT NOTE

The records contained in Record Group 255, State Board of Examiners for Architects and Engineers, span the period 1921 through 1945, although the bulk of this small collection is concentrated in the period 1921 through 1928. The collection consists of .75 cubic feet of material, and is composed of correspondence, board minutes, and subject files.

The State Board of Examiners for Architects and Engineers was created to regulate the practice of architecture and engineering. The board fixed standards and determined qualifications for these professions, as well as issued certificates of registration. The board was mandated to provide penalties for the violation of regulations. The board consisted of six members, three architects and three engineers, appointed by the Governor for six year terms. Two of the members, one architect and one engineer, were appointed from each Grand Division of the State.

The correspondence in the collection only spans the period from 1921 through 1928, while the minutes provide the most useful information concerning the operations of the board. All material in Record Group 255 has been microfilmed and the originals were disposed of by state approved methods.

CONTAINER LIST

BOX 1

1. Correspondence-- Alexander-Arthur, 1921-1928
2. Correspondence-- Cairns-Cunningham, 1921-1928
3. Correspondence-- Dadney-Dougherty, 1921-1928
